

# EDUCATIONAL BOOTCAMP

## MATH + SCIENCE INTERVENTION EXPERTS

### Educational Bootcamp Warehouse Worker

Educational Bootcamp is an intervention company that creates hands-on activities and games for Math and Science which guarantee improvements for students across all quartiles. Our Bootcamp program builds depth of knowledge, maintains previously taught skills, and acts as a benchmark interpreter for teachers.

Our company is looking to grow with individuals who are willing to use their skills to help students achieve and excel. We believe in **Commitment** to our teachers, students, and parents, **Objectives** that focus on impact, **Mastery** of skills within each benchmark, **Accountability** that our company has products that are fully aligned to the standards, **Nurturing** new and prior knowledge to remain a mastered skill, and **Diversity-**, because all learners deserve the best education.
